# 5 GOOD REASONS for joining AUCP on Facebook

The AUCP has a new page on Facebook. Help us get it going! Give us a visit, let us know if you like it, and share your thoughts, photos, videos and links. Click now if you are already convinced. Otherwise, read on for five good reasons to join us!

## Reason 1

**Re-connect with former classmates and meet other AUCP alums**

Those who can relate to your love of French, France, Aix, Marseille...

## Reason 2

**Share your challenges, accomplishments and advice**

It feels good to reach out - when you're not exactly sure of where you're going, when you've done something you're proud of, or when you think you can lend a helping hand...

## Reason 3

**Benefit from a network of exceptional people for international jobs and study opportunities**

Get inspired by what others have done after their AUCP experience. See how they've put to use their linguistic and cultural fluency.

## Reason 4

**Give in to a little nostalgia**

*La nostalgie n'est plus ce qu'elle était!* Simone Signoret could be right, but sometimes it feels real good to look back and say *C'est moi qui l'ai fait!*

## Reason 5

**Support us by directing potential students our way!**

The AUCP exists to provide an exceptional study abroad experience for students like you. You are now and forever our ambassadors. Help us spread the word!
